

## SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers  
Find Relief From Few  
Doses of Croxone.

Croxone soon relieves such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings, cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles; to scratch and irritate and cause rheumatism; heats the inflamed membranes of the bladder, and cleans out and strengthens the stopped up,

lifeless kidneys so they can filter and sift all the poisons from the blood, and drive it out of the system. So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to end the worst backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

Croxone is so prepared that it is practically impossible to take it without results. An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed.

## BOY FALLS 500 FEET TO DEATH FROM BALLOON

Thirteen Year-Old Lad Caught in Guy  
Rope and is Carried  
High in Air.

WOOSTER, Conn., Sept. 17.—Thirteen-year-old George Bernier, holding a guy rope to a balloon while it was being inflated at a local fair Tuesday afternoon, was carried 500 feet in the air and then dropped to his death in front of the grand stand, before 5,000 people.

In order to secure a better hold on the guy rope the boy wound the rope about his wrist several times. When the balloonist, Harold Gates of New-

buryport, Mass., started his ascension the boy did not have time to unwind the rope and was carried upward, dangling by one hand. Gates was not aware of the boy's predicament until the rope had unwound itself and the boy was dashed to death.

## M. E. CONFERENCE OPENS

RUSHVILLE, Ind., Sept. 17.—The welcoming addresses by Will M. Strickland and the Rev. C. M. Youm Tuesday night opened the 32nd annual session of the Indiana conference of the Methodist church here. Response was made by Bishop William Anderson of Cincinnati.

A majority of the 400 ministers and laymen who were expected to attend the conference were present when the session was called to order.

## DIVORCE MILL IN 2 HOURS AND HALF GRINDS 6 DEGREES

Mourts Case of "Pretended"  
Marriage is Held Up—Ro-  
hene Lightfoot Thought She  
Was Divorced.

The record of the second "default day" Wednesday in the superior court for the hearing of uncontested divorce suits, promised to exceed that of the first Tuesday. Ten cases were set for hearing and they were expected to occupy the entire afternoon. One divorce was granted Wednesday morning. Katie Strous obtained a decree from Wesley Strous, although it was held up pending the hearing of one jurisdictional witness.

Grinding steadily from 1:30 o'clock until 4 o'clock Tuesday afternoon, the divorce mill in the superior court turned out six decrees. Two of the divorces, however, were held up pending the examination of jurisdictional witnesses. A seventh case was heard, but owing to a legal complication which it presented, the case was taken under advisement by Acting Judge Woodward.

It was "default day" in the superior court. None of the defendants in the divorce suits appeared to contest the suits. The plaintiffs numbered five women and one man. Although there were no defenses to any of the actions Judge Woodward insisted on searching inquiry into the grounds for divorce. In one case he granted the decree of divorce to the wife but held up his ruling in awarding the custody of the child, a 12-year-old boy, until he could determine whether she was able to care for him.

It is not that I think the mother ought not to have her child, but I want to find out if she is undertaking too much of a burden in assuming custody of the boy," explained the acting judge. The boy is now staying with his grandparents and the mother proposes to bring him to her brother's house where she is staying while she works at the watch factory for \$9 a week. Judge Woodward asked to have the brother brought in Wednesday before giving his decision on the custody.

Much Infelicity. The stories of domestic infelicity revealed several interesting legal complications. One case heard Tuesday was tried seven years ago in the circuit court but the decree was never entered because the costs were not paid at that time. The woman had subsequently married, but her second husband secured an annulment on the ground that his wife was a bigamist. The decree granted Tuesday ends the difficulty.

One of the cases which attracted most attention was that of William Mourts against Olive Mourts, which Judge Woodward took under advisement. Mourts claims he married the woman in St. Joseph, Mich., Feb. 8, 1913. Three days before the woman had obtained a divorce from John Rank in the circuit court here. In the decree was included a court order not to marry for two years, which the statute provides when a divorce is granted and the defendant is not a resident of the state.

On the witness stand Tuesday Mourts admitted his wife told him of the court order prohibiting her marriage and said they went to St. Joseph to evade the order, returning to live in Mishawaka. In his complaint Mourts treats the ceremony at St. Joseph as a "pretended" marriage and asks the annulment on the ground of fraud. A question for the court in deciding the case is to determine whether Mourts, admittedly a party to the fraud, is entitled to annulment. Atty. Charles Bingham, representing Mourts, will submit a brief on the proposition to the court before the decision is rendered.

Thought Divorced. Rohene Lightfoot is the woman who for years thought herself divorced from Joseph Lightfoot and didn't learn otherwise until a subsequent husband rid himself of her on the ground that she had a husband when he married her.

She was married to Lightfoot Nov. 29, 1902, and separated from him Aug. 9, 1906. The same year the divorce was filed and tried in the circuit court. The divorce was rendered, as all divorces are in the local courts, subject to the payment of the costs. The costs were never paid, it is alleged, through the neglect of an attorney, and Mrs. Lightfoot remained in ignorance of the omission. Judge Woodward granted the decree on the ground of cruelty.

A mother and her daughter were among the women who obtained decrees. Mrs. Hattie Abbot was given a divorce from James Abbot on the ground of non-support and her daughter, Anna Long, was divorced from Eugene Long on the same grounds.

Mrs. Long charged that her husband refused to support her but insisted on living up \$6,000 which she had never seen. The divorce was granted. In three years \$3,000 disappeared for clothing and board, she alleged. The Longs lived with Mrs. Long's mother, she said, because her husband insisted that he would not live in housekeeping unless she bought property and had it placed in his name.

Emma Van Scoik charged that her husband, John Van Scoik, was accustomed to coming home drunk nearly every night. When he approached home he fired off his revolver and on entering the house brandished the weapon, she charged, frightening the entire family.

"The two boys were almost grown men then," said Mrs. Van Scoik, "but they were so scared they jumped behind me and I had to protect the whole flock of them."

Mrs. Van Scoik said her husband would provide food and clothing but would never let her have any money. "He never gave me a nickel, you testified," she testified. "When the check came for the rent of my property in Elkhart he would open the envelope, sign my name to it and get the money. I never saw any of it."

Matilda Bell alleged that J. Fletcher Bell was home only one whole night during the last two years they were together. She testified her husband paid the house rent but that she had to work out to earn her support.

OH, NAUGHTY, NAUGHTY. HARRISBURG, Pa., Sept. 17.—Miss Idemore Morn, an actress who posed as "September Morn" in the water, Susquehanna river, recently, was fined \$50 by Mayor Royal. An ordinance defined her action as "disorderly practice."

## The Champagne of Bottled Beer

is the result of development and achievement. From the purchase of the raw materials throughout the entire process of brewing, great skill and extreme care are employed.

Above all a sufficient quantity of the choicest materials are used. This is the most important factor and the foundation of high grade beer.

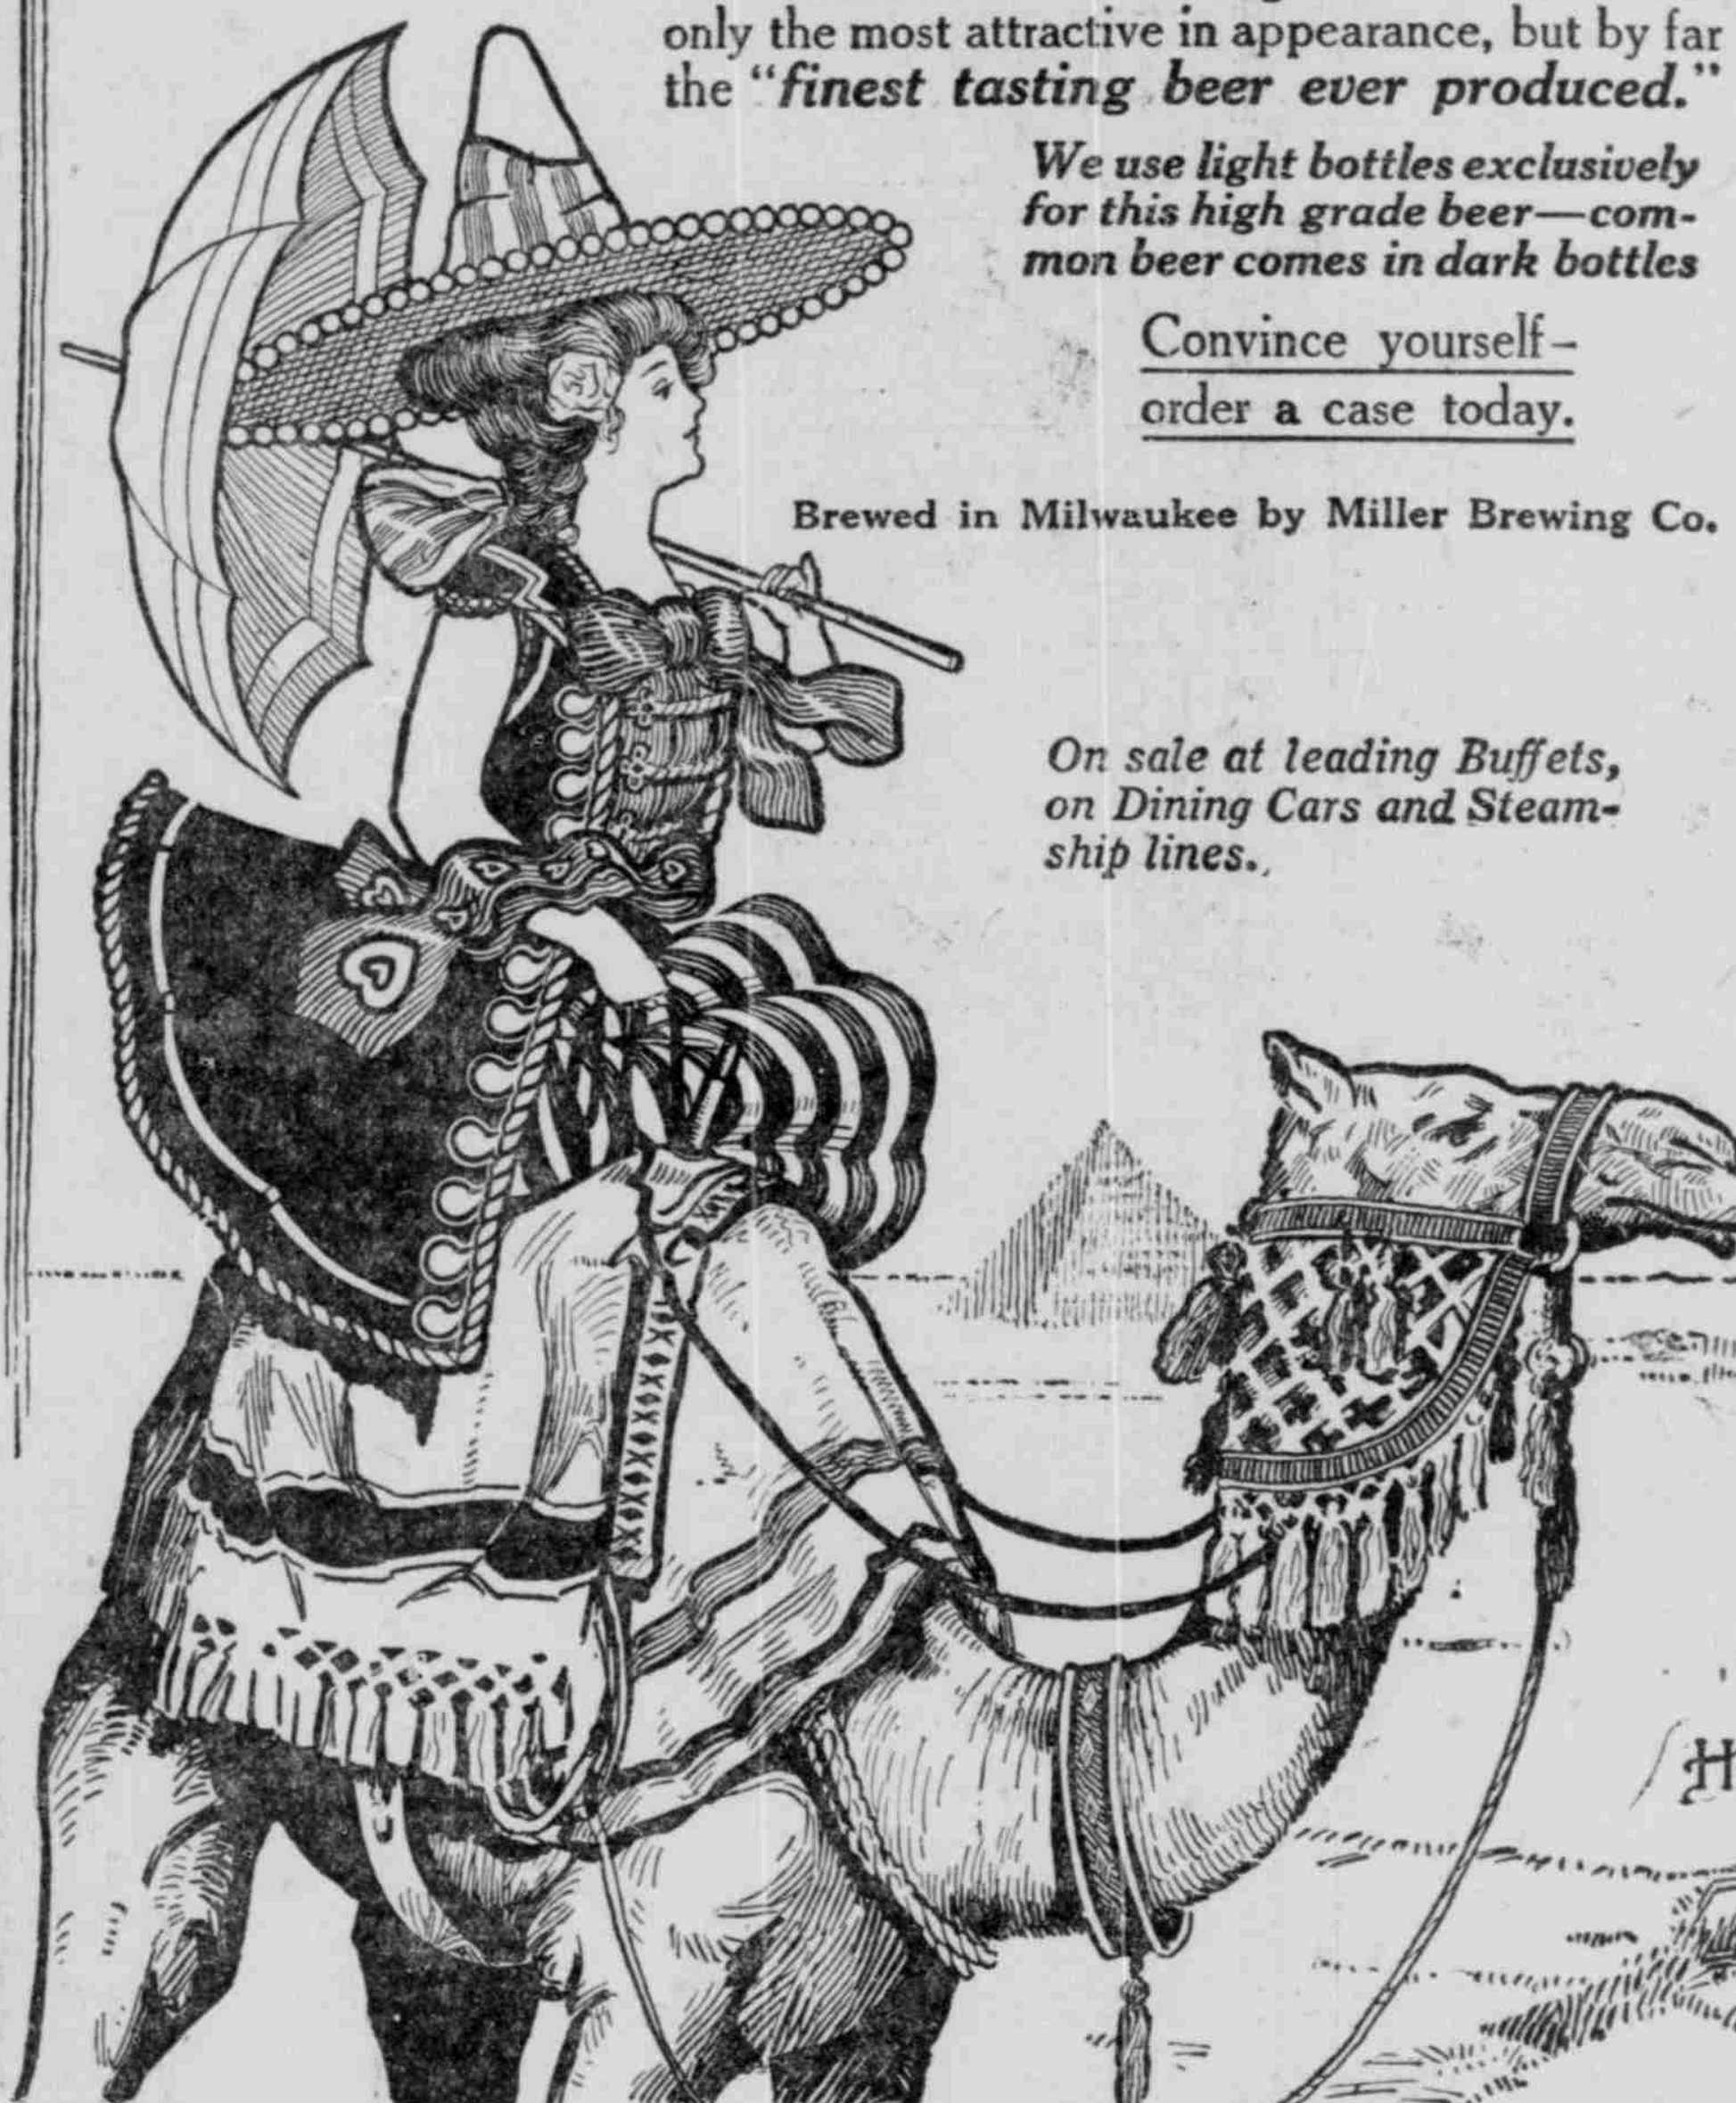

Nothing is left undone, no matter how trifling, that contributes to making HIGH LIFE not only the most attractive in appearance, but by far the "finest tasting beer ever produced."

Light Bottles Preferable for High Grade Beer—Common Beer in Dark Bottles

The glaring statements to impress the public that only GOOD BEER can be found in dark bottles is to say the least, contemptible. Ninety-five per cent of the bottled beer in this country is contained in even intimate that these beers are "skunk taste," "impure," "decayed" and "incentive to biliousness" because they are bottled in clear, light bottles. Concerns that are just as honorable, just as jealous of the quality of their product and brew, just as good if not better, bottle their product in light bottles.

O. F. FLEENER, M. D.,  
Expert Doctor for Men,  
Over 14 Years a Specialist.

Dr. Fleener is the most capable, experienced and reliable man's specialist in South Bend. Thousands are seeking his accurate advice, advanced treatment and positive cures.

Science wins over disease and weakness. No need to suffer and "doctor" the "old ways." Don't let doctors drag you along for months. Come and investigate for yourself the wonderful advances I have made and how little it costs to get well.

## Weak Men

Every day I have been explaining to you the CAUSE of weakness and HOW I CURE IT. My statements have been straightforward and to the point. Many men have called, some advanced, who had given up all hope of ever regaining their lost vitality. After thorough investigation nearly every man placed himself under my care. Today you cannot find a stronger or more grateful man. They improved FROM THE VERY FIRST TREATMENT. Not only was their vital strength fully restored, but they find the CURE to be PERMANENT. A common statement was: "I WOULD HAVE COME TO YOU LONG AGO IF I HAD KNOWN HOW LITTLE TIME AND MONEY IT COST FOR A CURE." IF YOU need my help, don't hesitate. If I don't make you strong you don't need to pay one cent.

## Blood Poison

Neo-Salvarsan "914" The Intravenous Method, directly into the blood—the only way it should be given.

No man need deny himself my services for lack of money. If you need the treatment, call.

"914" Salvarsan is today acknowledged even by those who first doubted the permanency of the cure, to be the greatest discovery of the age. It has been in use over two years and the results obtained are not only permanent but miraculous. I use more of this remedy than all other specialists put together; therefore, my experience is of greater value to the patient than that of any other specialist.

In the very large number of cases in which I have used the remedy I have not had one single failure. Every symptom of the disease from the eruption to the running sore, from the rash to the destruction of tissue and bone, was checked within twelve hours after the administration. There is no longer the slightest doubt about the wonderful curative power of the remedy, and in the hands of an expert specialist there is absolutely no danger of any kind from its use. I intrude directly into the blood. I keep you in bed from two to four hours no longer. Then I make a Wasserman test of your blood. The test tells its own story. It tells you that you are free from the disease. It gives you a new license to live a good and pure life. It is, indeed, a blessing to mankind.

My equipment for the proper administration of this German remedy is the finest in Indiana and second to none in the United States. I prefer to have the patient present while I am preparing the solution so he may observe the technique I follow in the preparation of "914." It would be well for the patient to bring a friend or his family physician if he so desires.

## STATE FINISHES CASE IN DIXON MURDER TRIAL

JEFFERSONVILLE, Ind., Sept. 17.—The state finished its introduction of evidence in the case of Thomas and Ella Dixon, charged with having murdered Leonard Sanders in New Albany, Aug. 31, 1912, late today, and the defense took up the work.

Lula Allen, a witness to the shooting of Sanders today, told of the trouble that led up to the shooting. She said that following a quarrel Dixon knocked Sanders down and fired upon him. Sanders, said the woman, had a revolver and fired once at Dixon but the bullet missed the man.

SECY. LANE SERIOUSLY ILL  
BERKELEY, Cal., Sept. 17.—The condition of Secy. of the Interior Franklin K. Lane was such today that his physicians ordered his removal from the home of his brother, Dr. Frederic Lane, where he had been cared for since his collapse in Oakland Sept. 9 to a quieter portion of the city. He was taken to the residence of Asst. Secy. of the Interior Adolph Miller in North Berkeley, remote from the noise of the business district.
